Verse 1:

Masquerade in waves of light
In this matrix out of sight
Gives promise to this dream

Eyes are windows to the soul
Grand illusion no control
Where's the ghost in the machine?

Life is born and heaven sent
Angels toil then ascend
Creeping just to stay alive

You're designed and must become
Newborn consciousness among
This wasteland of the lies

Chorus:

Ah, Break through the crystal
The Crystal Ceiling

Ah, Break through the crystal
The Crystal Ceiling

Verse 2:

Calculations put in place
Particles through outer space
Pixilate their quantum cores

This perfection inside you
Genesis that powers truth
Universe creates your mind

Frequencies in all that breathe
Mortal devils do deceive
Melt the core of everything

Sands of time even embark
On their journeys with no start
Now what does that make me?

Chorus:

Ah, Break through the crystal
The Crystal Ceiling

Ah, Break through the crystal
The Crystal Ceiling

Bridge:

Sinking farther I can't even breath
Spiral downward must embrace
reality

All the answers, questions plaguing
me
Crystallize in just one moment inside
me

Souls are lost and gained inside the
deep
But love powers life's machines
unseen

THE CRYSTAL CEILING

Life itself is too perfect for dreams
I am here to transcend my mortal
being

Chorus:

Ah, Break through the crystal
The Crystal Ceiling

Ah, Break through the crystal
The Crystal Ceiling

Ah, Break through the crystal
The Crystal Ceiling

Ah, Break through the crystal
The Crystal Ceiling
