Verse 1:

Close your eyes and take a deep
breath

Overcome anticipation

Now, know what you're fighting for

Done with running, can't escape it

Be the monster, fate commands it

Find the peace to win this war

Chorus:

My heart bleeds, inside me

Battle On, Battle On

No choice left, one last breath

Battle On, Battle On

Verse 2:

Hate plays through my veins so
deeply

Rage, a symphony of madness

Scream, into oblivion

This last moment, benediction

Spoken prayers lost on my lips

I must win or die alone

Chorus:

My heart bleeds, inside me

Battle On, Battle On

No choice left, one last breath

Battle On, Battle On

Bridge:

I have journeyed such a long way
now

Have no hope or destination

I know the sands of time will keep
falling

If I'm dead or alive

Solo:

Battle On, Battle On

Battle On, Battle

Chorus:

My heart bleeds, inside me

Battle On, Battle On

No choice left, one last breath

Battle On, Battle On

My heart bleeds, inside me

Battle On, Battle On

No choice left, one last breath

Battle On, Battle On
